It's with great pleasure that I write this reference letter for Nakita Barnes.

Nakita came to Crystalite Plastics with no prior experience in designing for laser machine's, however she showed great enthusiasm in learning and by the time her stay with us was over, she was completing her own customer orders in terms of designing and operating the machine's.

In Nakita's time with us, she had learned how to design in CoralDraw; how to implement a design in order to create a 3 dimensional product and how to set the laser machine's up to cut her designs.

We would highly recommend Nakita for any Graphic Design position as she is a fast learner and can get any task done that is given to her. Please do not hesitate to contact me for any further requirements.

Kind Regards,
Cassandra Koekemoer
